

Note: Revised April, 1950 to include additional graves & plots  
The 5 ft paths are reduced in width to 2 ft thereby providing space for graves 21 & 22 in those plots bordering the paths & to the left of them.

Note: Paths in this section are to be of concrete, but not for the entire width. In the 5 ft paths, 4 ft is to be of concrete, allowing 6 ins. clear on each side.

Note: Plots are numbered from 1 to 62, and are divided into single graves 9x2' with one foot of space intervening.
