RULES AND REGULATIONS

The layout of this section is on the lawn plan. No mounds, trees, bushes, hedges, or perennial plants permitted on graveholdings.

Annual flowers may be planted in front of the headstone, or if there is no headstone, at the head of the graveholding in a space:

(a) 2'-0" x 1'-0" for a single grave.
(b) 3'-6" x 1'-0" for two graves.

A graveholding means such grave, or graves as indicated on the deed.

Where two or more members of a family have adjoining graveholdings, such graveholdings may not be marked with corner posts to give the semblance of a family plot.

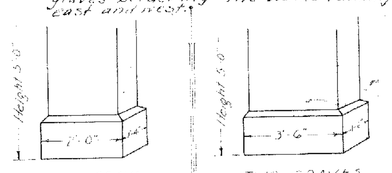
No corner posts, enclosures, or curbing permitted on graveholdings.

No more than two graves may be deeded to any one person.

Only one monument may be erected on a graveholding.

Headstones in this section are to be set back to back with the rear of each burial area.

The first [illegible] of graves bordering St. Peter Avenue and St. Mark Avenue may be offered for sales only as two grave selections, also the five graves bordering the walks running east and west.



No monument in this section may exceed dimensions shown above.
